REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens:

During the past year the loss of Miss Marjorie Lowe as teacher of the Village Primary School occasioned the transfer of Miss Helen Lowe from the Yellow to the Village Primary, Mrs. Watts from the Brown School to the Yellow, and the employment of Miss Ruth Sanborn at the Brown School.

The Attendance Table shows an increase in pupils at the Pearl School, caused largely by closing the Moore School, and a similar growth of the Yellow School, from other causes. The total number of instances of tardiness has been decreased one-half, the greatest improvement being made at the White School where there was the greatest room for improvement.

In the short space of five months in which we have employed a School Nurse some parents must already note the benefits from her work. The small increase in the amount of money required for Health Supervision because of employing her is entirely met by increased State Aid.

An unexpected increase in the number attending high school, an addition to the expense of schooling children at Upper City School in Pittsfield, and the failure of the district to raise the \$150 asked for last March for expenses of administration, would have caused a deficit before the end of the year; but the office of the State Board has offered to help us to get through the year by paying us soon an item of about \$340 which would not ordinarily come to us until next December. We expect, therefore, to be able to pay all the bills for the current school year without an additional appropriation.

Respectfully,

GEORGE W. SUMNER.
